

British-Style Faceplate Frame

IDEAL FOR HOME THEATER, VOIP OR ETHERNET IN-WALL WIRING INSTALLATIONS

Overview

The Faceplate Frame System is designed to support the distribution of voice, data, and other communication needs to the work area for commercial or residential applications. It includes faceplate frame and faceplate frame insert that help create a cleaner home environment.

Faceplate frame and faceplate frame insert are available in many ports and sizes to fit your needs. These faceplates provide versatility for installations by installing only the required jacks to provide a professional installation environment while keeping wiring organized..

Benefits

- Mount to British-Style Back Box with Faceplate Frame Insert
- Eliminate Cluster of Wires and Hide them Behind Wall
- High-impact ABS Thermoplastic Construction Designed to Last a Long Time
- Hardware Included for Mounting Flush with Compatible Faceplate Insert
- Ease of Use, Offer Great Results with Minimum Tools
- Allowing for Easy Interchange of Connections and Aesthetics
- Ideal for Home Theater, Voip or Ethernet In-wall Wiring Installations
