

British-Style Back Box

IDEAL FOR HOME THEATER, VOIP OR ETHERNET IN-WALL WIRING INSTALLATIONS

Overview

The Back Box is perfect for mounting a wallplate to complete multiple audio/video, voice and Ethernet in-wall connections using any type of keystone jack, including Cat5e/6/6a, USB, HDMI, DisplayPort and RCA. The faceplate frame is secure to the back box with screws required. The base box is made of white durable ABS thermoplastic and will fit elegantly into any home or office decor for a stylish, professional installation.

Benefits

- Mount to Wall with British-Style Faceplate Frame and Faceplate Frame Insert
- Use with Faceplates to Protect Line Smooth Transition
- High-impact ABS Thermoplastic Construction Designed to Last a Long Time
- Classic White Color Blends Elegantly into Home or Office Decor
- Work in Places where It May Not Be Practical to Add a Wall Box
