

Binding Post Coupler Datasheet

Overview

Binding Post SyncEase™ Couplers provide connectivity for workstation cabling for speaker wire.

Keystone insert with a red ring label connector on both sides provides a professional looking installation in the home or office.

The connectors snap into any keystone housing, including flush- and surface-mount outlets, Multimedia Outlet System (with adapter), patch panels, and patch blocks. Recommended wire size 12 to 18 AWG.

Benefits

- Compatible with All Keystone Faceplates and Housings
- Keystone Speaker Wire Coupler with Female Port on Both Sides can Connect to Speaker Cable Concealed Behind the Wall
- Sturdy Snap in Construction of Keystone Inserts Provides a Secure Connection
- Gold-Plated Binding Post Connectors Provide a Reliable Connection and Distribute Authentic Audio
- Provide Connectivity for Workstation Cabling for Speaker Wire
