

F-Connector Datasheet

Overview

The F-Type Coupler Module is a coaxial coupler used to connect cable to video, CATV, and security cameras. This F-Type Coupler Module is supplied with a 1 GHz standard F-type 1-position.

Gold-plated/Nickel-plated female-to-female connector features screw-on front and rear connections. Pass through design is ideal for applications including TV, VCR, DVD, satellite, and home theater. F-type adapters snap into any keystone housing, including flush- and surface-mount outlets, Multimedia Outlet System (with adapter), patch panels, and patch blocks.

Benefits

- Supplied with a 1 GHz Standard F-Type 1-Position
- Female-Female Adapter for Quick Screw-on Connections
- 360-degree Gold-plated/Nickel-plated Seizing Pin to Prevent Signal Loss
- Pass Through Design for Applications Including TV, VCR, DVD, Satellite, and Home Theater
- Compatible with All Keystone Faceplates and Housings

Technical Specification

Parameter	Value
Product Type	F-81 Keystone Jack
Conductor Type	Gold-plated/Nickel-plated
Data Rate Support	1GHz
Operation Temperature	-25 to 70°C (-13 to 158°F)
Color	White
Dimensions (HxW)	0.78"x0.57" (20x14.6mm)
