

French-style Single Gang Back Box Datasheet

Overview

The single-gang back box is perfect for mounting a wallplate to complete multiple audio/video, voice and Ethernet in-wall connections using any type of keystone jack, including Cat5e/6/6a, USB, HDMI, DisplayPort and RCA. The faceplate is secure to the back box with screws required. The back box will fit elegantly into any home or office decor for a stylish, professional installation.

ABS housing has high hardness, good heat resistance, and corrosion resistance. In addition, this 1-gang surface mount box with screws is easy to install.

Benefits

- Compatible with Audio/Video, Voice and Ethernet In-wall Connections Using any Type of Keystone Jack
- Mount to Wall with Faceplate and Faceplate Frame Insert
- High-impact ABS Thermoplastic Construction Designed to Last a Long Time
- Ideal for Home Theater, VoIP or Ethernet In-wall Wiring Installations
- Classic White Color Blends Elegantly into Home or Office Decor
