

HDMI Connector Datasheet

Overview

The white HDMI female-to-female coupler module blends elegantly into any home or office decor. Use HDMI feedthrough keystone connectors for a customized high-definition media center.

The standards compliant connectors are compatible with all HDMI sources, including HDTVs and projectors. HDMI products transmit both audio and video signals. The HDMI connectors are compatible with keystone wallplates and housings. They are manufactured from high-quality ABS plastic.

Benefits

- Snaps Easily into Keystone Housing or Wallplate
- Female-to-female Connectors for Easy Installation
- High-strength ABS Construction Designed to Last Long in Your Decor
- Used for High-definition Audio and Video
- Cleaner Installed with In-wall Wiring
