

Hook and Loop Cable Ties Datasheet

Overview

The cable ties come in a variety of different colors and sizes. They are double-sided, self-gripping, and have strong adhesion, and they are perfect for controlling and organizing wires, cords, and cables and for bundling a wide range of materials, from flowers to tools. It protects your high-performance cables from damage.

Customize the length of your tie to make it the perfect length for any application. FS cable ties are strong, reusable, and designed to handle thin wires and bulky cables indoors or outdoors. A perfect solution for temporary installations and cable management for stage equipment, at outdoor events, or for prototype harnessing.

Benefits

- High Tensile Strength, Strong Enough to Maintain Large Cable Bundles in a Pathway
- Cut to the Size You Need for Different Application
- Gentle on Fragile Wires Preventing Damage to Cables
- High-quality Nylon Paste, Stronger Adhesive, Self-attaching Design, Reliable and Durable
- Reusable for Over 100 Times, Easy to Reposition, Safe and Adjustable Bundling Solutions

Technical Specification

Parameter	Value
Color	Blue, Green, Red, Yellow, Black
Material	Nylon
Environment	Indoor
Design	Hook and Loop
Function	Dedicated to various cable
Package	25m/Pack
Dimensions (LxW)	1000"x0.48" (25000x12mm)
Working Temperature	-40°F to 220°F (-40°C to 104°C)

Product Specification

Unit:MM
