

Mounting Bracket for Vertical Cable Manager Datasheet

Overview

The mounting bracket is used to mount a vertical cable manager between two racks. It provides additional support for adjacent racks and can be used with all standard racks in data centers.

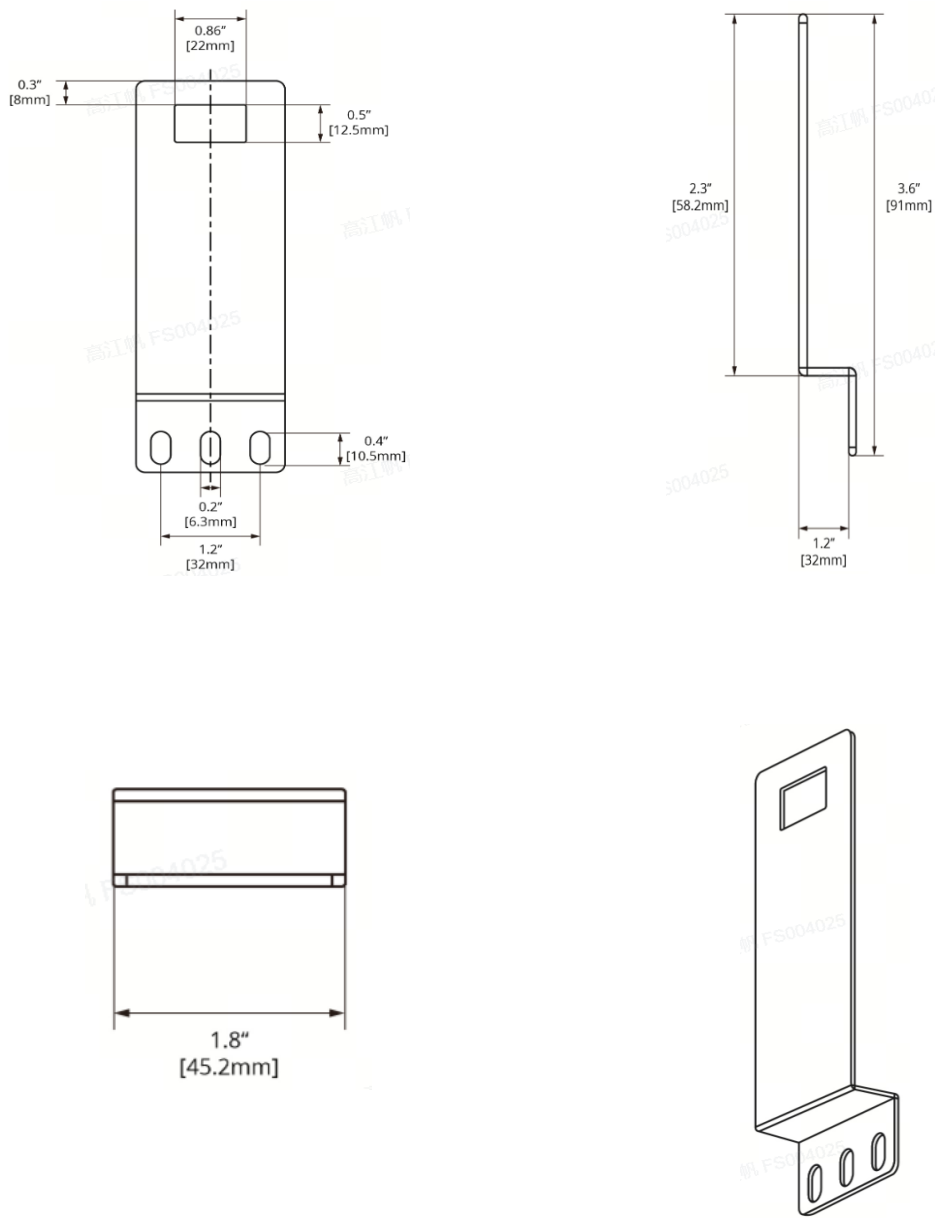

Benefits

- Same as the Accessory Bracket of CMV-SFD45U5W & CMV-DFD45U5W
- Adapts to Any EIA Rack in Data Centers and Telecom Rooms
- Cold-Rolled Steel Construction Supports a Wide Range of Applications and Durability
- Used with Vertical Cable Managers to Keep Rack Neat and Organized
- Easy to Install by Inserting It Directly into the Hole of the Vertical Cable Manager
