

Single Gang Keystone Faceplate, Label Pocket

IDEAL FOR HOME THEATER, VOIP OR ETHERNET IN-WALL WIRING INSTALLATIONS

Overview

The faceplate is single gang and mounts to FS's single gang back box FBCWH, and it is compatible with FS's RJ45 Keystone Modules and Fiber Keystone Jacks. It includes label pockets to write down your notes for easy identification.

The faceplate is designed to support the distribution of voice, data, and other communication needs to the work area for commercial or residential applications. The classic white color blends elegantly into your home or office décor, providing professional appearance while keeping the wiring organized.

Benefits

- Mount to Back Box and Compatible with Keystone Modules
- Narrow Module Width Allows High Port Density in a Small Area
- Classic White/Ivory Color Blends Elegantly into Home or Office Decor and Provides Professional Looking
- Includes Label Pockets for Easy Identification
- Ideal for Home Theater, VoIP or Ethernet In-wall Wiring Installations
