

Single Gang Keystone Faceplate, Stainless Steel

IDEAL FOR HOME THEATER, VOIP OR ETHERNET IN-WALL WIRING INSTALLATIONS

Overview

The faceplate accepts two keystone modules. Use where a one-piece, single-gang, economical flush-mount housing is desired. The keystone wall plate can accept all standard keystone modules and is designed to support voice, data, and other communication needs distribution to the work area for commercial or residential applications.

The plate give the installation versatility to install only the jacks needed and provide a professional appearance while keeping the wiring organized.

Benefits

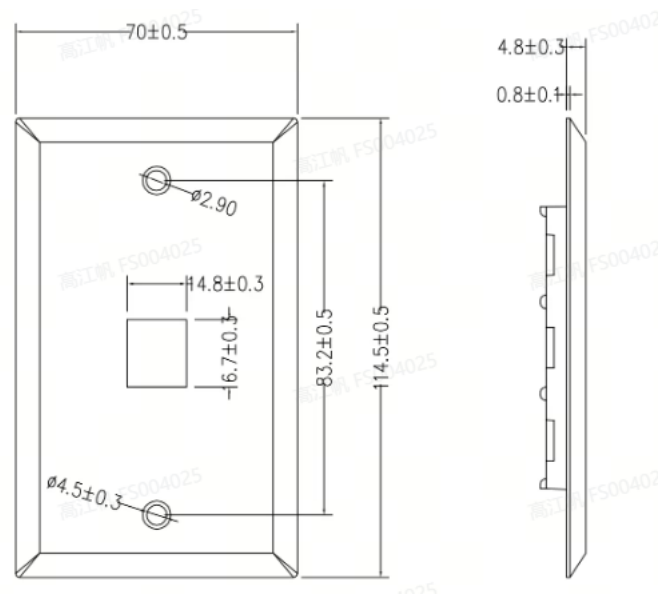

- Mount to Back Box and Compatible with Keystone Modules
- Narrow Module Width Allows High Port Density in a Small Area
- Individual Port Configurability Allows Specification Flexibility
- Brushed Stainless-Steel Finish Suitable for a Variety of Extreme Environments
- Ideal for Home Theater, VoIP or Ethernet In-wall Wiring Installations

Technical Specification

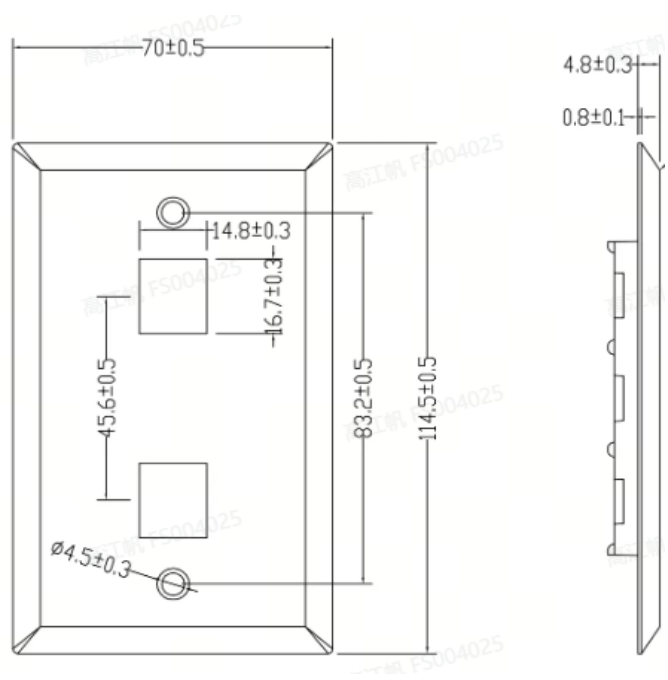

Parameter	Value
Product Type	Faceplate
No. of Ports	1/2/3/4/6
Color	Silver
Module Type	Keystone
Dimensions (HxW)	4.5"x2.75" (114x70mm)
Outlet Orientation	Flat
Mount Orientation	Vertical
Material	Stainless Steel
Gang Opening Type	Single Gang
Operation Temperature	-25°C to 70°C (-13 to 158°F)
Environmental Space	Indoor
Standards Compliance	UL Listed
Technology	Cat5e, Cat6, Cat6a, HDMI, HDBaseT
